Thanks, Bill. We will start researching local papers to get rates, etc.

Best regards,

Kim, we are going to need this in a major Newspaper next week or within one week of my getting the signing date of the proposal docket. The Site is actually located in Bristow, Oklahoma. We refer to the location as Creek County, Oklahoma. I would then think it wise to run the notice in the major newspaper in Creek County. Sapulpa is the County Seat which is right next to Tulsa. I should have the dates for the 60 day comment period by Monday, so we need to be ready to roll.

Thanks, Bill
